After-Hours Key Drop Return Protocol

Returning When the Counter Is Closed

Many Apex locations offer convenient 24/7 key drop boxes for early-morning or late-night departures:

- 1. Park the Vehicle:** Park in designated Apex return bays. Turn off headlights and internal cabin lights.
- 2. Retrieve Belongings:** Thoroughly check trunk, glove box, center console, and door pockets. Remove sunglasses, chargers, and toll passes.
- 3. Note Mileage & Fuel:** Take a photo of the odometer and fuel gauge displayed on the digital dashboard.
- 4. Lock the Car:** Lock all vehicle doors securely.
- 5. Deposit Key:** Place the key into the heavy-duty yellow Apex Key Drop Slot located beside the rental counter or return booth.

Final Billing Confirmation

The vehicle is inspected by our morning team at 6:00 AM, and an itemized digital receipt is emailed to you within 2 hours of inspection.
