Corporate Policy

Traffic Violations, Parking Tickets, & Vehicle Impound Protocol

Paying Citations Directly

Renters are encouraged to pay local municipal parking tickets or toll citations directly to the issuing city before the rental contract closes. Provide the receipt to the Apex desk agent upon return.

If Apex Receives the Ticket by Mail

If a municipality mails a photo-enforced red light, bus lane, speeding, or parking citation to Apex:

- Apex remits payment to the municipal authority on the vehicle's behalf.
- The fine is charged to the renter's credit card along with a **\$30.00 Administrative Processing Fee** per citation.

Vehicle Impoundment

If the vehicle is towed and impounded due to illegal parking or driving violations, the renter is liable for all towing fees, municipal release charges, storage lot storage fees, and daily rental rates until the vehicle is released.
