Collision Damage Waiver (CDW / LDW) Explained

Document ID: **DOC-019** | File Reference: insurance_04_cdw_collision_damage_waiver.md | Verification: Active Corporate Policy

Collision Damage Waiver (CDW) & Loss Damage Waiver (LDW)

Understanding CDW vs. Insurance

CDW is not technically an insurance policy; it is an express contractual waiver by Apex Car Rental releasing the renter from financial responsibility for loss or damage to the vehicle during the rental period.

Pricing

- **CDW Standalone:** \$22.00 / day
- **Deductible:** \$0 out-of-pocket responsibility for vehicle repair or replacement.

What CDW Covers

- Collision with another vehicle, animal, or stationary object (guardrail, post).
- Rollover accidents and single-car incidents.
- Theft or vandalism of the entire vehicle.
- Loss of Use fees: Covers revenue lost by Apex while the car is out of service in the body shop.

How to Invalidate CDW

CDW becomes immediately void if:

- The driver was not registered on the rental agreement.
- The driver was under the influence of alcohol, drugs, or prescription narcotics.
- The vehicle was used for ridesharing (Uber, Lyft) or commercial delivery without an authorized commercial endorsement.
- The vehicle was driven across borders without written cross-border authorization.
