Lost and Found Personal Property Retrieval

How to Report a Left-Behind Item

If you left an item in an Apex rental car after turning in your keys:

1. Visit apexcar.com/lost-and-found or call the location depot directly within 30 days.
2. Provide your Rental Agreement number (APX-XXXXX), vehicle license plate, and detailed description of the item (color, serial numbers, passwords).
3. If recovered by our vehicle detail team, items are logged into our secure on-site safe.

Return Shipping Options

Recovered property can be retrieved in person at the local counter during business hours, or shipped to your home address via FedEx / UPS at the customer's expense. Unclaimed items are donated to charity after 60 days.
