Fuel & EV Recharging Options

Standard Fuel Policy: Full-to-Full

All gasoline vehicles depart with a full fuel tank. Return the vehicle with a 100% full tank from a gas station within a 5-mile radius of the return station to pay \$0 refueling fees (retain fuel receipt).

Refueling Options:

- 1. Pre-Paid Fuel Option:** Purchase a full tank at discounted wholesale market price at checkout (\$3.85/gallon). Return the car at any fuel level with no extra charge. No refund for unused fuel.
- 2. Apex Post-Return Refueling Service:** If returned with less than a full tank without pre-paid fuel, Apex refuels the vehicle at **\$7.95 per gallon** required to reach full.

Electric Vehicle (EV) Battery Rules

- **Pickup Level:** Guaranteed at least 80% state of charge.
- **Return Level Required:** At least 70% state of charge.
- **Return Under 70% Fee:** \$35.00 recharging convenience fee applied.
- **Return Under 20% Fee:** \$65.00 critical battery low recharge fee applied.
- **Pre-Paid EV Recharge Option:** \$25.00 flat fee added at pickup lets you return the EV at any battery level down to 10%.
