Electronic Toll Transponder Service (Apex E-Pass)

Document ID: **DOC-031** | File Reference: pricing_06_tolls_and_transponders.md | Verification: Active Corporate Policy

Overview & Device

Every Apex vehicle is equipped with an integrated digital toll transponder (compatible with E-ZPass, SunPass, FasTrak, TxTag, ExpressToll, and Peach Pass).

Option A: Apex Unlimited Toll Pass

- **Daily Rate:** \$11.99 / rental day.
- Covers unlimited toll road usage across all state toll plazas and express lanes without per-toll tracking or administrative fees. Recommended for heavy toll corridors (New York, Florida, Texas, California).

Option B: Pay-Per-Toll Standard

- If you decline the Unlimited Toll Pass and drive through electronic cashless toll lanes, the transponder automatically logs the toll.
- **Fee:** Actual toll rate assessed by the toll authority + a **\$4.95 daily usage fee** applied only on days a toll is incurred (daily usage fee capped at \$24.75 per 30-day rental period).
